The election of McGuire to Congress in Oklahoma and the success of the Republican ticket generally in that territory have created the belief that the Republican party will be in favor of separate statehood for the Indian Territory and Oklahoma. Indian Territory and Oklahoma combined would make a strong Democratic State, whereas they would balance each other if separated.

Chicago has appointed a committee of prominent business men to invite President Roosevelt to include their city in the itinerary of his visit to the World's Fair. Vice President-elect Fairbanks will be invited to make a visit at the same time.

Plans submitted to the City Council of Chicago provide for the construction of an underground loop system at the cost of over \$10,000,000. One of the chief merits of the proposed plan is the abolishment of grade crossings, of which a large number exist in Chicago.

Governor Dockery issues the Thanksgiving Day proclamation, believed to be the shortest proclamation issued by a Governor of Missouri.

It is believed in Washington that Mrs. Roosevelt and daughter, Miss Alice, will accompany President Roosevelt on his trip to the World's Fair, since he has invited Senator and Mrs. Fairbanks to be members of his party. MAY DROP THE AYLWARD CASE

Grand Jury Did Not Consider Charges Against Priest.

According to United States Commissioner Gray, it now seems probable that Father Aylward's case will not reach the Grand Jury, as it was not taken up yesterday with others.

Father Aylward was arrested early in the week, charged with registering on fraudulent naturalization papers, and it was believed his case would come before the Federal Grand Jury yesterday, but it was laid over.

Indictments were returned against the following persons yesterday: Charles W. Voge, charged with violating the oleomargarine act; Lewis Inman, charged with taking money from the Custom-house; Napoleon Rogers, postmaster at Steelville, charged with embezzling \$50 from the United States Government; Arthur Bonnet, Theodore Stegner and Philip Beck, charged with using the United States mails for fraudulent purposes; James N. Rice Jr., James M. Rice Jr. and Joseph Drane, charged with illicit distilling.

Three other indictments were returned, but as the persons named were not made known to the grand jury, the names were withheld.

These cases will be heard by Judge Elmer B. Adams at the January term of the United States Court.

MAKE FRESH SEARCH FOR POSTAL FRAUDS

Investigation Has Been Quietly Under Way for Some Months.

MARCH STOLEN ON CONGRESS.

The Railway Mail Service and Twine Contracts Are Aimed at by Roosevelt.

Washington, Nov. 11.—A new investigation of the Post-Office Department has been quietly conducted for some months past, and is still under way, being directed especially against the Railway Mail Service, which is the most expensive branch of the postal service.

Half a dozen railway mail contracts are now before the Department of Justice for examination as to their legality, together with an investigation of charges of collusion by Government officials, some of whom are supposed to be in Congress.

In ordering the railway mail contracts to be examined secretly, the President has stolen a march on members of Congress, who have always protested against such an investigation on behalf of the railroad.

The report of the Department of Justice will be made to the President, who will take up the matter with Postmaster General Wynne for whatever action developments may show to be necessary. Meanwhile, Mr. Wynne is determined to have every suspected spot in the department cleaned up. An important matter that is now under investigation, and which has been for some time, is the supply of twine for the use of all post offices, including the Railway Mail Service. This twine is sold at a different price from that of the twine for the use of the general public, and the report of Commissioner of Corporations Garfield of his investigation of the Beef Trust is about ready, and will be placed in the hands of the President within a short time.

GOVERNOR DOCKERY ISSUES THANKSGIVING PROCLAMATION.

REPUBLICAN SPECIAL.  
Jefferson City, Mo., Nov. 11.—Governor Dockery to-day issued the following Thanksgiving proclamation, thought to be the shortest ever issued by a Missouri Governor:

"The President of the United States, in pursuance of established custom, has designated Thursday, November 24, 1904, as a day of praise and thanksgiving.

"Now, therefore, I, Alexander M. Dockery, Governor of the State of Missouri, do hereby request the people to abstain from their usual avocations, so far as may be practicable, and appropriately celebrate Thanksgiving Day.

"In testimony whereof I have hereunto set my hand and caused to be affixed the great seal of the State. Done at Jefferson, in the City of Missouri, this eleventh day of November, A. D. 1904.

"By the Governor, Sam B. Cook, Secretary of State."

majority of 40 in the district. Owing to a factional fight among the Democrats in Vermillion County the anti-Dwyer element supported Gauntty's candidacy. Gauntty received 5,804 votes in the district, as against 5,242 for McKinley, and 4,492 for Dwyer. The Chicago constitutional amendment received 3,593 votes out of a total of 7,437.

FOSTER LOSES HIS DISTRICT BY 437.

Olney, Ill., Nov. 11.—Complete returns, though unofficial, indicate that Doctor M. D. Foster, the Democratic candidate in the Twenty-third Illinois District for Congress, was defeated by his Republican opponent, Frank L. Dickson, Dickson's majority, as estimated to-night, is 437.

Doctor Foster carried these counties: Clinton, 285; Effingham, 238; Jasper, 240; Richmond, 215; Wabash, 46. Dickson's majority came from these counties: Crawford, 447; Fayette, 81; Jefferson, 53; Lawrence, 27; Marion, 51.

The personality and the effective campaign made by Doctor Foster caused him to run hundreds of votes ahead of Parker and the Democratic State ticket, but this advantage was not sufficiently great to overcome the effect of the sweeping gains which the Republican ticket made in every one of the counties of the district.

PROHIBITIONISTS GAIN TWO.

Late Returns Show That They Have Elected a Pair of Representatives.

Paris, Ill., Nov. 11.—The official count of Edgar County elects a minority Republican for the Twenty-second District—Clay F. Gaumer (Pro.), over Robert L. McKinlay and W. H. Dwyer (Dems.). The latest returns indicate the election of Wilson (Pro.) for Representative in the Joliet Congressional District (Dem.) by eligible voters. The official canvass has been completed in Dupage County, and in all but sixteen precincts of Will County.

Menard's Official Canvass.

Petersburg, Ill., Nov. 11.—Menard County's official vote: Roosevelt, 1,705; Parker, 1,594; Dwyer, 1,332; Stringer, 1,224. Congress, Twentieth District—Doyle (Rep.), 1,691; Rainey (Dem.), 1,534. Senator, Thirtieth District—Moore (Rep.), 1,931; Cunningham (Dem.), 1,811. For Charter amendment, 1,389 against, 299. Total vote in county, 3,591.

Fayette's Latest Figures.

Vandalia, Ill., Nov. 11.—Returns from Fayette County give Roosevelt 2,233; Parker, 2,050; Dwyer, 1,215; Stringer, 2,380. Congress—Dickson (Rep.), 2,326; Foster (Dem.), 2,033.

TWO INJURED IN AN AUTOMOBILE ACCIDENT.

Machine Collided With Buggy and Alfred McFenn Sustained Fracture of the Skull.

Two men were injured as the result of a collision between an automobile and a buggy at the corner of Forest Park boulevard and King's highway about 6:20 o'clock last evening.

Charles Kelly, a lumberman, living at No. 1113 North Market street, and Alfred McFenn, occupants of the buggy, were thrown into the street. McFenn struck on his head, sustaining a fractured skull. Kelly received severe scalp wounds.

Mr. and Mrs. Gardner, who were in the automobile, escaped without injury. The buggy was overturned by the force of the collision, and the horse, becoming frightened, broke from its harness and ran away.

According to the police, the accident was the result of careless driving on the part of the occupants of the buggy. E. P. Orner of No. 3038 Lawton avenue, chauffeur of the automobile, endeavored to avoid the accident, it was said, but the buggy was driven in front of the machine before it could be stopped.

Mr. McFenn and Mr. Kelly were hurried to the City Hospital for treatment, and the physicians declared that the former may die from his injuries.

The automobile was not damaged, and Mr. Gardner was able to drive it to his home, No. 554 Forest Park boulevard.

TOLD TO FULFILL THEIR CONTRACTS

Specifications for Construction of Additions to Workhouse and Poorhouse Will Not Be Altered.

Representatives of two construction companies employed in public works called on Building Commissioner Heimerberger yesterday and asked to have the specifications of the contracts changed. The Commissioner refused and the Board of Public Improvements sustained him.

The construction work is the additions to the Workhouse and the Poorhouse, and one company, it is said, was so sure that it could have the specifications changed that it had material to the Workhouse, only to have it rejected.

The Barstow Construction Company is building the \$5,000 addition to the Workhouse, and the specifications in the contract call for steel and iron construction. The company, however, suggested that concrete would be cheaper and just as serviceable, if reinforced by steel and iron.

Spellbinders' Days are Over

So Declares Charles Boine of New York State in Discussing Lessons of Late Campaign.

"Never before in the history of this country has the voting public studied the questions at issue in a campaign and done it in such a quiet and impressive way as they have in the battle of ballots just over," said Charles Boine, defeated Democratic candidate for the Senate of New York, at the Laclede Hotel last night.

The day of the stump-speaker and spellbinders is by. The long-looked-for period in American politics when the voter will calmly sit down and weigh the questions at issue in a quiet, dispassionate way is here. The country will prosper by it, and the conservative element, including America's best citizens, so in it the continued prosperity of the Republic.

"Not before in the history of any city or in New York State has the election been so quiet. Only the meetings held at the halls broke the monotony of the campaign. The people were studying the problems and weighing the qualifications silently. The result was astounding.

We fondly looked forward to the election of D. Cadogan Herlihy for Governor, and days before the election he was the favorite in the betting. Here in Missouri the voters have given the public a lesson which will be remembered as long as the Republic lasts. They elected a Democratic Governor, giving us a tremendous majority for him, and then voted for the continuation of the policy of the Republican electors. It is politics when the revolutionaries of the country.

A man who is not in the confidence of the public can no longer expect to receive its vote. The lessons of the campaign are many and with it I expect to see the Democratic party of the country and other standard bearers than those which have led to defeat.

The political life of the country are the hope of the Democratic party, and the sooner the leaders come to realize this the better. The Democratic party of the young voters, just so soon will the old party of Jefferson rise to the surface and the Democratic party of the country and Bryan is no more, in my opinion."

MR. JUSTICE FINNEMORE

Judge of the Natal Supreme Court, Sends the Following Remarkable Testimonial TO CUTICURA

The World Is Cuticura's Field, Used Wherever Civilization Has Penetrated.

"I desire to give my voluntary testimony to the beneficial effects of your Cuticura Remedies. I have suffered for some time from an excess of uric acid in the blood; and since the middle of last year, from a severe attack of Eczema, chiefly on the scalp, face, ears and neck and on one limb. I was for several months under professional treatment, but the remedies prescribed were of no avail, and I was gradually becoming worse, my face was dreadfully disfigured and I lost nearly all my hair. At last, my wife prevailed upon me to try the Cuticura Remedies and I gave them a thorough trial with the most satisfactory results. The disease soon began to disappear and my hair commenced to grow again. A fresh growth of hair is covering my head, and my limb (although not yet quite cured) is gradually improving. My wife thinks so highly of your remedies that she has been purchasing them in order to make presents to other persons suffering from similar complaints, and as President of the Bible Women's Society, has asked me to report if any case should come under their notice when a poor person is so afflicted, so that your remedies may be resorted to."

ROBERT ISAAC FINNEMORE, (Judge of the Natal Supreme Court, Pietermaritzburg, Natal, Oct. 29, 1901.)

Send this to the world.
